BRIEF ABSTRACT OF LETTER.

Forwards for orders a file of correspondence relating to the levy of charges for excess water used at the official quarters of the Govt Secy. to H.H. at Mysore during the quarter ending 30.6.1909 and suggests that the metre in the building be taken off altogether or the garden tap separated from house connection.

NOTES AND ORDERS.

H.S

Submitted with a copy of G.O. No. ~~R~~ 1258-63 dated 17.12.06 regulating ~~the supply~~ house connections from the Vani Vilas water works. Though the supply of water to gardens is prohibited in para 1, Govt Gardens might fall under the

NOTES—First sheet

GPB—30,000—3-4-07.

Serial No.

84

Public institutions — referred to in rule 1 But (2) even then the quantity of water supply free would be limited so that the ms cannot be taken off altogether as suggd by the Supdt. If the water used for garden is to be paid for; it would then be necessary to increase the contingent grant and also to have separate metres (one for the gardens & another for quarters).

lk
5 Gen

(1) Rule 13 does not, I think, exclude the operation of Rule 1, and the use of pipe-water for the garden should, it seems, be strictly prohibited. If there is no other source of supply on the spot, the gardeners or other servants may have to be required to carry water from the tank close by.

(2) The Excess charges in the present case have to be paid, in the circumstances explained, out of the Gardens Funds. The Supdt may be asked to point out the source from which it could be met.

(Sealing) 10.9.10.

(4) What has Mr Krumbiegel to do with the Plaxeey's quarters? Who maintains these quarters — PWD or Palace? & what taxes (municipal) etc? This excess charge will have

to be met by that Dept. & in future the excess charges incurred in the garden etc. a separate meter being fixed for the house proper -

5) Draft G.O. mtd. It is learnt, on enquiry, that the building is being maintained by the P.W.D. The garden attached to the building is being looked after by Mr. Krumbiegel (vide p. 147 of budget)

Dewan

6) The P.W.D. may be directed to meet the charge of 2 sets of meters fixed up - one for the house proper & one for the garden -

OFFICE OF THE ECONOMIC BOTANIST,
SUPERINTENDENT, GOVT. GARDENS,
LAL-BAGH, BANGALORE.

G.M. 94-10-1

D.847. Dated 16th August, 1910.

From

G. H. KRUMBIEGEL, F.R.H.S.,
ECONOMIC BOTANIST,
SUPERINTENDENT, GOVT. GARDENS.

G.M. 94-10-1

To

C.S.Balasundaram Iyer, Esq., B.A.,
Offg. Secretary to the Government of His Highness the
Maharaja of Mysore, General and Revenue Departments

Sir,

I have the honor to forward for favor of orders the case of excess water used in the Private Secretary's ~~Gardens~~ quarters at Mysor

2 The water used during the last quarter since which a metre is put amounts to 127,740 gallons of which 87,~~540~~ 740 galls. are in excess of the usual house allowance.

Mr. Campbell states that his household does not use more than the fixed allowance and the excess is undoubtedly due to external use if the metre is not registering wrong-which is often the case.

4 There is one tap in the garden which has been used for the garden since the house was built.

5 There is another tap near the stables which is very large-

-ly used by

1910-1911.

From G. H. KRUMBIEGEL, F.R.H.S.,
ECONOMIC BOTANIST,
SUPT., GOVT. GARDENS

To C. S. Kalesmiaram Myer Esq, B.A
Offg: Secretary to Government
General and Revenue Dept

Dated 17th August 1910

Despatched

Received

General No. 10
No.

Enclosure No. 3.

Forwarding for favour of orders the papers connected with excess water used on the Private Secretary's Quarters at Ootacamund

used by the Sawars and horses of the Government on duty and (being near the wicket also by outsiders).

6 The house has on several occasions been made use of as residence for State Guests and on the last occasion ~~of~~ His Excellency the Governor was put up when a large number of servants and attendants stayed on the premises.

7 It is therefore difficult to apportion the excess charges.

8 As the Garden is maintained by Government Mr. Campbell may with reason ask the excess charges to be charged to the garden. On the other hand I may reasonably object to this charge as it is partly due to the use by the Sawars and outsiders. Again if the garden water is to be paid for, extra funds must be provided as we have only Rs. 38/- for contingencies which is not enough to pay for ordinary requirements such as manure, tools pots, seeds, etc.

9 It is therefore necessary either, in view of the fact that much water is used on behalf of Government, to take the metre off altogether or else, to separate the garden tap from the house connection.

I have the honor to be,

Sir,

Your most obedient servant,

Economic Botanist,

Superintendent, Government Gardens.
